

SCA(PEDA)-1 Providing LED based solar photovoltaic street lights in villages having 50% or more SC population.

Approved Outlay- Rs. 100.00 Lac

As per the guidelines of the Ministry, upto 10% of the total SCA released to the States can be utilized on creating infrastructure in the villages having 50% or more SC population. The infrastructure includes pucca streets, drinking water, drainage, streets lights, community centres, toilets etc. in the villages having 50% or more SC population.

Under this scheme solar photovoltaic street lights will be installed in SC dominated villages. The number of street lights to be installed in each village depends upon the size of the village. These lights will be installed inside the houses of the people. It will be social responsibility of the house owner to operate these lights and inform the department in case of any fault.

An amount of Rs. 100.00 lac is likely to be spent during 2017-18 to install solar street lights in 38 villages having 100% SC population. An allocation of Rs. 100.00 lacs has been earmarked during 2018-19 under this scheme to provide solar street lights in 50 villages having 50% or more SC population.
